Hi Gene,

Thanks for the letter. I agree that the original policy does not address term limits, but in 1985 the Japanese Garden Organizational Policy states that each of the committee members will serve a two-year term except that eight of the initial appointees will be designated for three year terms to provide continuity. Therefore following the initial appointees you will have two classes (groups), one class of 7 members and one class of 8 members for a total of 15 members. To keep continuity, the class of 7 members would be appointed in 1985, '87, '89 etc. and the class of 8 members would be appointed in 1985, '88, 2000, '02 etc. I agree there are no term limits and they can be reappointed.

The letter dated June 1, 2016 has "10" advisory committee appointee names, it should have "8" of the total 15 names and there should be a letter from the Mayor in 2015 or 2017 with "7" advisory committee appointees.

If you have any questions, give me a call.

Are you also providing staff support to the volunteers, docents and Tomdachi? If so, how much time and will these functions be part of the future proposed Program Position?

Joanne

Subject: Advisory Appointment Letters

Attached per your request.
The Org policy and By Laws do not address Term Limits
